

Adult Day Centers can give caregivers respite by providing a center where their loved ones can be taken for a couple of hours or the entire day and picked back up later.

Adult Day Centers are one of the best options for adult caregivers who are in need of regular respite care in order to return to the workforce, relax, see to errands, appointments, and other responsibilities.

IN-FACILITY RESPITE:

Please note that most facilities offer in-house respite when they have open rooms. Call the facility of your choice to check if this is a possibility at the time you need longer respite.

Adult day programs also provide seniors with valuable opportunities for socialization, recreation, and engagement in a safe environment. This is an affordable alternative to placing an aging loved one in assisted living or other long-term care facilities.
